\*On approval of credit through GMAC. GMC Certified Used Vehicles are 2003 or newer, with less than 60,000 miles. They're available at select GM dealers. They're vehicles that met our tough standards when we first built them. Now they have to again, or they won't be Certified. Everything from the exhaust system to cup holders is inspected and repaired, if necessary. If the vehicle doesn't pass, we don't certify it. Period. A 3 month/3,000 mile limited warranty protects you beginning the minute you leave our lot. It's not just protection for your car, but for your peace of mind. See us for details.

## Find A Fuel Efficient Car

Search with a green conscience.

According to J.D. Power & Associates, 77% of consumers are considering alternative powertrain vehicles (such as hybrid-electric, flexible fuel, or clean diesel) for their next new-vehicle purchase.
